Notification of newbuilding - Passenger, cargo and fishing vessel

For building in Norway, the notification requirement applies to the builder (yard). For building abroad, the notification requirement applies to the company, cf. section 5 of the Ship Safety and Security Act.

Initial fees are regulated in the NMA Fees Regulations. Upon receipt of this form, a stipulated initial fee of 50% of the total initial fee is issued. The remaining initial fee will be issued when the tonnage certificate is issued for the first time.

Vessel identification

Vessel name (if assigned):	Call sign (if assigned):	IMO no. (if assigned):	Port of registry (if assigned):

Vessel to be registered in:	**NOR** ☐ Norwegian Ordinary Ship Register	**NIS** ☐ Norwegian International Ship Register	
Building number – hull:	Building number of sister ship:	Classification society:	Classification not.:
Building number – completed:	Vessel type:	Vessel type code:	

Schedule

Date of contract:	Hull arrives in Norway:
Date of laying the keel:	Planned delivery:

Building yard - hull

Name:
Address:
Organisation No. / Personal ID No.:

Building yard – completed

Name:
Address:
Organisation No. / Personal ID No.:
E-mail:

Contractor

Name:
Address:
Organisation No. / Personal ID No.:

Specifications

Building data

Overall length (m):	Length in waterline (m):	Gross tonnage:	Maximum breadth (m):
Moulded depth (m):	Moulded depth main deck:	Net tonnage:	Approx. deadweight (tonnes):
Draught:	Hull material:	Length (L) (m):	

Propulsion, equipment, etc.

Diesel propulsion engine:	☐
Diesel-electric propulsion:	☐
Gas engine – electrical propulsion:	☐
Gas engine – mechanical propulsion:	☐
Diesel or gas engine and water jet:	☐
Battery propulsion:	☐
Battery-hybrid propulsion:	☐
Hydrogen propulsion	☐

Information regarding engine

Type designation:	Number of water jets or propellers:	
Total installed power (kW):	Total propulsion power (kW):	Total power (kVA\voltage):

Contracted speed:	Number of passengers:	Persons on board

Certificates – trade area for passenger vessels

Certificates:	Trade area:
☐ Passenger Ship Safety Certificate	☐ Foreign voyages
☐ Passenger Ship Safety Certificate (EF)	☐ Class A
☐ Passenger Certificate	☐ Class B
☐ High-Speed Craft Safety Certificate	☐ Class C
	☐ Class D
	☐ Trade area 5
	☐ Trade area 4
	☐ Trade area 3
	☐ Trade area 2
	☐ Trade area 1
	☐ Trade on lakes and rivers

Certificates – trade area for fishing vessels

Certificates:	Trade area:
☐ Trading Certificate for Fishing Vessels	☐ Fjord fishing
☐ Radio coverage for area A1	☐ In-shore fishing
☐ Radio coverage for area A2	☐ Bank fishing I
☐ Radio coverage for area A3	☐ Bank fishing II
☐ Radio coverage for area A4	☐ Deepsea fishing I
	☐ Deepsea fishing II
	☐ Fishing in ice-covered waters I
	☐ Fishing in ice-covered waters II

Trade area for cargo vessels

☐ Great coasting	☐ North Sea and Baltic trade
☐ Small coasting	☐ European trade
☐ Trade area 4	☐ European trade, north of 40°N
☐ Trade area 3	☐ Unrestricted voyages
☐ Trade area 2	☐ Unrestricted voyages, north of 40°N
☐ Trade area 1	
☐ Trade on lakes and rivers	

Additional information, including relevant fishing methods for fishing vessels:

Vessel type code:
Provide the vessel's type code, find vessel type codes at www.sdir.no , in the form KS-0051.

Building yard (completed):
Provide the Organisation No. / Personal ID No., name and address of the shipyard/person that is responsible for the completion of the vessel.

Building yard (hull):
Provide the Organisation No. / Personal ID No., name and address of the shipyard/person that is responsible for the construction of the hull.

Contractor:
Provide the Organisation No. / Personal ID No., name and address of the principal (contractor).

Length (L) in (m):
Length according to ILLC 1969.

Gross tonnage:
Gross tonnage according to the International Convention on Tonnage Measurement of Ships, 1969, as amended, as indicated in the vessel's Tonnage Certificate.

Overall length:
As set out by the individual Regulations.

Classification society:
Classification society means one of the recognised classification societies:
ABS - American Bureau of Shipping
BV - Bureau Veritas – French classification society
DNV AS - The Norwegian Veritas – Norwegian classification society.
LR - Lloyd's Register of Shipping
RINA: Rina S.p.a – Italian classification society
ClassNK: Nippon Kaiji Kyokai – Japanese classification society

Choose Unclassified if the ship is not classified by one of these classing societies.
